

Service Level Agreement

A formal Service Level Agreement between Aurixa Systems Pty Ltd ("Aurixa", "the Provider") and the client organisation named in the Execution Schedule ("the Client"). Aurixa Systems is an Australian company building governed AI operating systems for property, finance and advisory firms — client intelligence, financial modelling, AI voice agents, document and report generation, and compliance oversight in one controlled, white-labelled platform.

Parties and Purpose

This Agreement sets out the terms on which Aurixa Systems provides the Client with access to the Aurixa platform and associated services. It records the service levels the Client can rely on, the responsibilities of each party, and the commercial terms of the engagement. This Agreement takes effect on the Commencement Date recorded in the Execution Schedule and continues until terminated in accordance with clause 8.

Key Definitions

Platform means the Aurixa software platform, including all modules licensed to the Client.

Business Hours means 9:00 am to 5:30 pm Sydney time, Monday to Friday, excluding NSW public holidays.

Further Definitions

Uptime means the percentage of a calendar month during which the Platform's core services are available, excluding Scheduled Maintenance.

Scheduled Maintenance means maintenance notified to the Client at least 48 hours in advance.

Services and Modules

Aurixa will provide the Client with access to the Platform under the service tier and modules recorded in the Execution Schedule. The specific modules licensed to the Client, and any onboarding package, are as recorded in the Execution Schedule.

Client Intelligence & CRM Centralised client data management and relationship intelligence across the organisation.	Onboarding & Workflow Automation Streamlined onboarding processes and automated workflow management tools.
Client & Partner Portals White-labelled portals deployed under the Client's own brand for clients and partners.	Finance Portal Dedicated financial modelling and reporting environment for the Client's use.
Document & Report Generation Automated generation of compliant documents and professional reports at scale.	AI Voice Agents & AML Oversight AI voice agents with full call logging, plus AML and compliance oversight tooling.

Aurixa will provision the Client's environment as a controlled, white-labelled deployment. The Client's data remains within the Client's environment and is not shared between deployments.

Service Levels

Availability Target

99.5%

Monthly Uptime

Target for Platform core services availability per calendar month.

Where Uptime in a calendar month falls below target, the Client may request a service review, and Aurixa will provide a written incident summary and remediation plan.

Maintenance

Scheduled Maintenance is performed outside Business Hours wherever practicable and notified at least 48 hours in advance.

Emergency maintenance may be performed without notice where required to protect the Platform or Client data.

Support Tiers and Response Targets

Aurixa triages every support request by severity. Response targets are measured within Business Hours. A response is Aurixa's substantive acknowledgement with a triage classification — resolution times depend on severity and complexity, and Aurixa will keep the Client informed of progress on every open Po and P1 issue.

Tier	Severity	Definition	Response Target
P0	Critical	Platform unavailable or data integrity at risk	1 Business Hour
P1	High	A core module materially degraded, no workaround	4 Business Hours
P2	Medium	A feature degraded with a workaround available	1 Business Day
P3	Low	Questions, cosmetic issues, enhancement requests	2 Business Days

Client Responsibilities

The Client will fulfil the following obligations throughout the term of this Agreement:

1 Nominate a Primary Administrator

The Client will nominate a primary administrator as Aurixa's point of contact for all platform-related matters.

2 Acceptable Use

The Client will ensure its users access the Platform in accordance with Aurixa's acceptable use requirements at all times.

3 Accurate Onboarding Information

The Client will maintain the accuracy of the information it provides during onboarding and update Aurixa of any material changes.

4 Regulatory Licences

The Client will hold the licences, registrations and regulatory permissions its own business requires independently of this Agreement.

5 No Unauthorised Resale

The Client will not resell, sublicense or make the Platform available to any third party except through the white-label features licensed to it.

- ❏ The Client acknowledges that the Platform provides tooling to support the Client's own compliance processes and does not constitute legal, financial or compliance advice. Responsibility for the Client's regulatory obligations remains with the Client.

Fees and Payment

Fees are as recorded in the Execution Schedule, comprising the monthly subscription for the selected tier and modules, and any one-time onboarding package.

Payment Schedule

Fees are payable monthly in advance unless the Execution Schedule records annual billing. Invoices are payable within 14 days of issue.

Overdue Accounts

Aurixa may suspend access for accounts more than 30 days overdue, after written notice has been provided to the Client.

GST

Fees are exclusive of GST, which will be added where applicable under Australian law.

Usage Credits

Usage credits included in a tier expire 30 days after issue and do not roll over to subsequent billing periods.

Data, Security and Confidentiality

Aurixa maintains administrative, technical and organisational safeguards appropriate to the nature of the data processed. Each party will keep the other's Confidential Information confidential and use it only for the purposes of this Agreement.

Environment Isolation

Dedicated deployment per client

Role-Based Access

Granular user permissions

Encrypted Transport

TLS for all data in transit

Audit Logging

Comprehensive activity records

Privacy Compliance

Aurixa processes personal information in accordance with its Privacy Policy and the Privacy Act 1988 (Cth). Client data is never shared between deployments.

Data on Termination

On termination, Aurixa will make the Client's data available for export for 30 days, after which it may be deleted in accordance with Aurixa's data retention practices.

Intellectual Property, Term and Termination

Intellectual Property

Aurixa retains all intellectual property in the Platform. The Client retains all rights in its own data and branding.

The Client grants Aurixa a licence to use the Client's branding solely to provide the white-labelled deployment.

Nothing in this Agreement transfers ownership of either party's pre-existing intellectual property.

Term and Commencement

This Agreement commences on the Commencement Date and continues monthly (or annually, where the Execution Schedule records annual billing) until terminated.

Termination for Convenience

Either party may terminate for convenience on 30 days' written notice.

Termination for Breach

Either party may terminate immediately if the other commits a material breach that is not remedied within 14 days of written notice.

Suspension

Aurixa may suspend access immediately where necessary to protect the Platform, other clients, or to comply with law, and will notify the Client promptly of any suspension.

Liability and General

Liability Cap

To the extent permitted by law, each party's aggregate liability under this Agreement is capped at the fees paid by the Client in the 12 months preceding the claim.

Consequential Loss

Neither party is liable for indirect or consequential loss arising under or in connection with this Agreement.

Australian Consumer Law

Nothing in this Agreement excludes liability that cannot be excluded under the Australian Consumer Law.

Governing Law

This Agreement is governed by the laws of New South Wales. Notices must be in writing to the contact details recorded in the Execution Schedule.

This Agreement, together with the Execution Schedule, is the entire agreement between the parties and may only be varied in writing signed by both parties.
