

SERVICE LEVEL AGREEMENT

A formal Service Level Agreement between **Aurixa Systems Pty Ltd** ("Aurixa", "the Provider") and the client organisation named in the Execution Schedule ("the Client"). Aurixa Systems is an Australian company building governed AI operating systems for property, finance and advisory firms — client intelligence, financial modelling, AI voice agents, document and report generation, and compliance oversight in one controlled, white-labelled platform.

Governed by the laws of New South Wales · Privacy Act 1988 (Cth) · Australian Consumer Law

Parties and Purpose

This Agreement sets out the terms on which Aurixa Systems provides the Client with access to the Aurixa platform and associated services. It records the service levels the Client can rely on, the responsibilities of each party, and the commercial terms of the engagement. This Agreement takes effect on the Commencement Date recorded in the Execution Schedule and continues until terminated in accordance with clause 8.

Key Definitions

Platform

The Aurixa software platform, including all modules licensed to the Client.

Business Hours

9:00 am to 5:30 pm Sydney time, Monday to Friday, excluding NSW public holidays.

Further Definitions

Uptime

The percentage of a calendar month during which the Platform's core services are available, excluding Scheduled Maintenance.

Scheduled Maintenance

Maintenance notified to the Client at least 48 hours in advance.

Services and Modules

Aurixa will provide the Client with access to the Platform under the service tier and modules recorded in the Execution Schedule. The specific modules licensed to the Client, and any onboarding package, are as recorded in the Execution Schedule.

Client Intelligence & CRM

Centralised client data and relationship management across the organisation.

Onboarding & Workflow Automation

Automated onboarding flows and configurable workflow orchestration.

Client & Partner Portals

White-labelled portals deployed under the Client's own brand.

Finance Portal

Integrated financial modelling and client-facing finance tooling.

Document & Report Generation

Automated generation of compliant documents and branded reports.

AI Voice Agents

AI-powered voice agents with full call logging and audit trails.

AML & Compliance Oversight

Anti-money laundering and compliance monitoring tooling.

Aurixa will provision the Client's environment as a controlled, white-labelled deployment. The Client's data remains within the Client's environment and is not shared between deployments.

Service Levels

Availability Target

99.5%

Monthly Uptime for the Platform's core services.

Where Uptime in a calendar month falls below target, the Client may request a service review, and Aurixa will provide a written incident summary and remediation plan.

Support Tiers & Response Targets

Severity	Definition	Response Target
P0 — Critical	Platform unavailable or data integrity at risk	1 Business Hour
P1 — High	A core module materially degraded, no workaround	4 Business Hours
P2 — Medium	A feature degraded with a workaround available	1 Business Day
P3 — Low	Questions, cosmetic issues, enhancement requests	2 Business Days

Response targets are measured within Business Hours. A response is Aurixa's substantive acknowledgement with a triage classification — resolution times depend on severity and complexity, and Aurixa will keep the Client informed of progress on every open P0 and P1 issue.

Maintenance

Scheduled Maintenance is performed outside Business Hours wherever practicable and notified at least 48 hours in advance. Emergency maintenance may be performed without notice where required to protect the Platform or Client data.

Client Responsibilities

The Client will fulfil the following obligations throughout the term of this Agreement:

1 Nominate a Primary Administrator

Designate a primary administrator as Aurixa's point of contact for all platform-related matters.

2 Acceptable Use Compliance

Ensure its users access the Platform in accordance with Aurixa's acceptable use requirements at all times.

3 Accurate Onboarding Information

Maintain the accuracy of the information it provides during onboarding and notify Aurixa of any material changes.

4 Hold Required Licences

Hold the licences, registrations and regulatory permissions its own business requires independently of the Platform.

5 No Unauthorised Resale

Not resell, sublicense or make the Platform available to any third party except through the white-label features licensed to it.

The Client acknowledges that the Platform provides tooling to support the Client's own compliance processes and does not constitute legal, financial or compliance advice, and that responsibility for the Client's regulatory obligations remains with the Client.

Fees and Payment

Fees are as recorded in the Execution Schedule, comprising the monthly subscription for the selected tier and modules, and any one-time onboarding package.

Payment Schedule

Fees are payable monthly in advance unless the Execution Schedule records annual billing. Invoices are payable within **14 days** of issue.

Overdue Accounts

Aurixa may suspend access for accounts more than **30 days overdue**, after written notice to the Client.

GST

Fees are exclusive of GST, which will be added where applicable under Australian law.

Usage Credits

Usage credits included in a tier expire **30 days after issue** and do not roll over to subsequent billing periods.

Data, Security and Confidentiality

Aurixa maintains administrative, technical and organisational safeguards appropriate to the nature of the data processed.

Security Safeguards

Environment Isolation

Per-client deployment isolation ensuring data separation between all client environments.

Encrypted Transport

All data in transit is protected by encryption protocols appropriate to the sensitivity of the information.

Role-Based Access Control

Granular access permissions enforced at the platform level across all modules.

Audit Logging

Comprehensive audit trails maintained for all significant platform actions and access events.

Confidentiality & Privacy

Each party will keep the other's Confidential Information confidential and use it only for the purposes of this Agreement.

Aurixa processes personal information in accordance with its Privacy Policy and the **Privacy Act 1988 (Cth)**.

Data on Termination

On termination, Aurixa will make the Client's data available for export for **30 days**, after which it may be permanently deleted.

Intellectual Property, Term & Termination

Intellectual Property

Aurixa retains all intellectual property in the Platform. The Client retains all rights in its own data and branding. The Client grants Aurixa a licence to use the Client's branding solely to provide the white-labelled deployment. Nothing in this Agreement transfers ownership of either party's pre-existing intellectual property.

Term & Termination

Commencement

Agreement commences on the Commencement Date and continues monthly or annually as recorded in the Execution Schedule.

Termination for Breach

Either party may terminate immediately if the other commits a material breach not remedied within **14 days** of written notice.

Termination for Convenience

Either party may terminate on **30 days' written notice** without cause.

Suspension

Aurixa may suspend access immediately to protect the Platform, other clients, or to comply with law, notifying the Client promptly.

Liability and General Provisions

Liability Cap

To the extent permitted by law, each party's aggregate liability under this Agreement is capped at the **fees paid by the Client in the 12 months preceding the claim**.

Neither party is liable for indirect or consequential loss. Nothing excludes liability that cannot be excluded under the **Australian Consumer Law**.

General Terms

Governing Law

This Agreement is governed by the laws of **New South Wales**.

Notices

Notices must be in writing to the contact details recorded in the Execution Schedule.

Entire Agreement

This Agreement, together with the Execution Schedule, is the entire agreement between the parties and may only be varied in writing signed by both parties.
